4.2 Specific Requirements Regarding Certificates of Deposit

- 4.2.1 Collateral for a Certificate of Deposit. If a certificate of deposit is required to be collateralized pursuant to Section 2 of paragraph (c) of section 4.1 of these Guidelines, the collateral must be reviewed weekly to determine if the market value of the collateral equals or exceeds the principal amount of the uninsured portion of the certificate of deposit plus accrued interest. If the market value of the collateral is insufficient, the issuer of the certificate of deposit must exchange or add to the amount of collateral to bring its market value equal to or in excess of the uninsured portion of the principal amount of the certificate of deposit plus accrued interest.

4.2.2 Standard Terms for Certificate of Deposit Collateral Agreement. The Authority shall negotiate and enter into a written agreement with each bank (and custodian) from which it has obtained a certificate of deposit. Such written agreement shall, at a minimum, address the following concerns:

- (a) The frequency of the valuation of the collateral to market, as set forth above (such valuation shall be done at least weekly);
- (b) The right and ability of the bank to substitute like Investment Securities as collateral;
- (c) Description of events of default which would permit the Authority or its custodian to liquidate or purchase the underlying Investment Securities;
- (d) Description of the party who is to have title to the underlying Investment Securities during the term of the agreement; and
- (e) With respect to the custodial bank, the agreement shall also provide that the custodial bank takes possession of the Investment Securities as agent of the Authority and that the claims of the custodial bank are subordinate to those of the Authority.

4.3 Specific Requirements Governing Repurchase Agreements. Notwithstanding Section 4.1 hereof, the following shall also apply to Repurchase Agreements.

4.3.1 Placement. The placement of Repurchase Agreements may be distributed among several authorized firms as appropriate to reduce the level of risk. The investment limit set for each such firm shall not be exceeded unless the Executive Director of the Authority makes a written finding that sufficient Securities are not available from other eligible firms. Not less frequently than once each year, the Chief Financial Officer shall review and, if appropriate, recommend adjustment of the investment limit for each eligible seller in light of such firm's current capitalization. All investment limit adjustments shall require the approval of the Chief Financial Officer and Executive Director.

4.3.2 Eligible Custodian Banks. To be eligible to hold the Securities which are the subject of a Repurchase Agreement, a custodial bank should be a member of the Federal Reserve Bank or maintain accounts with member banks to accomplish book-entry transfer of Securities to the credit of the Authority. Transfer of Securities, whether by book entry or physical delivery, should be confirmed in writing to the Authority by the custodial bank. The custodian should not be the same party that is selling the Securities. The Authority's Directors or their designee(s) must affirmatively find that a proposed custodial bank is financially sound before such bank may be eligible to perform custodial services for the Authority.

4.3.3 Maximum Maturity of Repurchase Agreements. Repurchase Agreements shall be limited to a maturity not to exceed thirty (30) days, or the Trustee will value the collateral securities no less frequently than monthly and will liquidate the collateral if any deficiency is not restored within five (5) business days of such

valuation. Collateral securities shall have maturities not exceeding twenty (20) years.

4.3.4 Standard Terms for Repurchase Agreements. The Authority shall execute a master Repurchase Agreement with each broker-dealer which outlines the basic rights of both buyer and seller including:

- (a) The events of default which would permit the Authority to liquidate or purchase the underlying Securities;
- (b) The relationship between parties to the agreement, which should ordinarily be purchaser and seller;
- (c) A requirement that there be a written contract with the custodial bank outlining the responsibilities of the bank and the parties to the agreement. Such an agreement must provide, among other things, that the custodial bank will not make payment for the Securities until the bank actually receives them and that the custodial bank takes possession of the Securities exclusively for the Authority and that any claims of the custodial bank are subordinate to those of the Authority;
- (d) Procedures which ensure that the Authority obtains a perfected security interest in the underlying Securities. The Authority or its custodian must take possession of the Securities being purchased by physical delivery or book entry. Furthermore, the written agreement shall contain a provision that, in the event a court of final jurisdiction construes the specific Repurchase Agreement to be a loan, the seller shall be deemed to have granted the Authority a perfected security interest in the purchased Securities;
- (e) The market value of the Securities purchased under a repurchase transaction must be at least equal to the purchase price. The value of the Securities must be monitored and marked to market on a daily basis. Additional Securities shall be required if market fluctuations cause the market value of the purchased Securities to become less than the purchase price.
